Subject: Two new notices - David Penney (Earth's Partners)

4/18/03

Hello Jim:

We have received two new notices from Earth's Partners (David Penney and Heather Scholz).

Carol Mine - DOGM File Number S/001/064

E1/2 of Section 22 and
W1/2 of Section 23
Township 27 South, Range 11 West
Beaver County, Utah

They state that this project will be working on pre-existing dumps - so maybe there is nothing here to really check for.

Rapunzel Mine - DOGM File Number S/023/083

SW1/4 of SE1/4 Section 5
Township 11 South, Range 7 West
Juab County, Utah

Thank you for your 10-day turn around on these two notices. The operator is anxious to receive acceptance to go forward.

I am also faxing you copies of the notices and maps.

Thanks
Joelle
